Mix has been reporting on major audio/music tradeshow for more than 25 years, and we'd like to acknowledge some of the more innovative products we've found at these events. Yours was listed as among the Top-10 hits of NSCA 2006 reported in our May 2006 issue, so we present you with this "Certified Hit" certificate. More useful perhaps, is a downloadable "Mix Certified Hit" icon found at:

http://advertisers.mixonline.com/mix_certified_hit/index.htm

The logo can also readily be found on our "Advertising Information" page on www.mixonline.com. Just scroll along to the bottom of the left column and there it is. Feel free to use this logo in promoting your product on the web, or in brochures, ads, etc.

Anyway, congratulations on creating a hit product. We look forward to discovering more of these from you in the months and years to come.

Keep 'em coming!
